Judge D. W. Glasscock of McAllen who in the last Democratic primary election secured a clear-cut victory over Archie Parr of Duval County, but whose name did not appear on the official ballot, in the Tuesday general election won a decisive victory. Reports to the Caller office up to one o'clock this morning show that Glasscock has secured majorities in San Patricio, Weber, Zapata, Kleberg, Cameron, Jim Wells, Brooks, La Salle, Dimmitt, Jim Hogg and McMullen counties.

Without question Archie Parr has carried Duval, Willacy, Hidalgo and Starr counties.

Apparently Archie Parr has secured a majority in Nueces County. With the vote from La Salle, Oso, Sunshine, Alta Vista, Flour Bluff and Fairview unreported the vote stands 441 for Archie Parr and 276 for Glasscock. The final figures are expected to give Archie Parr a majority of approximately 100 votes in this county.

The report to the Caller from Bishop said that Parr had carried that precinct, which had been counted in the Glasscock column by 66 to 28. Glasscock supporters last night were inclined to believe that the report was wrong.

Final returns are待 from Calverton, Kleberg, Hidalgo, Nueces, Jim Wells, Brooks, McMullen and Dimmitt counties. The fall returns from these counties will without doubt increase Glasscock's majority.

In Hidalgo County a letter committee has arisen over the Mexican vote cast for Archie Parr in that county, and it was reported late last night that agents of the Department of Justice are communicating with State marshals in an investigation.

One small Mexican settlement in that county is reported to have cast no more votes for Archie Parr as were cast in either Hidalgo or Cameron County, or Laredo, the three largest cities in the district.

Grimm, however, said Hidalgo county voters are carried Glasscock will still have a majority in the district in excess of 500 votes.

The outcome of the voting appears to be great surprise. The Illinois Mexican vote had been voted in early November in part because most residents in its absence, the federal law being of great assistance in guarding the秘密 of the ballot in general elections.

The history of the Mexican controversy is read in the minds of Texans and particularly to the people of the twin-sistered districts.

Archie Parr, long-time member of the Twenty-third senatorial district, is D. W. Glasscock of McMullen, who had the support of the family following.

On the basis of the returns entered Glasscock won the nomination by more than 1,000 votes. Initial returns from Duval County, however, gave an alleged vote of 1,218 in that county to Parr and 22 votes for Glasscock.

The district committee of which E. F. Savage of this city is the chairman, and he declared Parr to be the nominee by a majority of 250 votes.

On the afternoon of August 24 two senatorial conventions were held in Corpus Christi. At the first convention D. W. Glasscock was declared to be the nominee. The second convention meeting two hours later and adjourned by James B. Wells, W. E. Pease, Marshall Hicks, Archie Parr, et al. declared Parr to be the nominee.

The State Democratic Convention after reviewing the Duval County returns declared Glasscock to be the lawful nominee and added the secretary of state to certify Glasscock's name as the nominee which render was complied with by that official.
